

French Senate Elections Bring Approval of Munich Peace Agreement

DALADIER GETS SUPPORT FOR NEW PROGRAM

Premier's Party Loses Ground But Friendly Opposition Gains

PARIS, Oct. 24.—French senate elections Sunday showing a swing to the "right" were interpreted by Premier Edouard Daladier's government as an approval of his policy of collaboration with Italy and Germany.

Daladier's own radical Socialists lost four seats and the independent Radicals lost seven. Two of them were picked up by extreme rightists who had been favorable to his part in the "peace of Munich."

SOCIALISTS LOSE

The Socialists won one seat and other Leftist groups won two, but inasmuch as the Socialists are the most powerful party in the chamber of deputies and critics of Daladier's policies entered candidates in every one of the 87 departments, their showing was considered poor.

Radical Socialists said most of their losses were represented by rightwingers who had voted with the Socialists.

The balancing was not in popular elections but in departmental electoral colleges.

CHANGE IN ORDER

It marked the end of the Popular Front in France since on orders from Daladier, Radical Socialists drew their votes to the extreme rightists when the choice was between the latter group and Socialists.

Recommendation to the Dominion parliament that every effort be made to have the Jasper-Banff highway completed in time for the King and Queen to visit it in the course of their proposed tour of Canada next summer will be made by the Alberta Board of the North West Commercial Travelers' Association.

Czech and Hungarians Agree Terms Wednesday

Internal Magyar Strife Causes Country To Demand Definite Decision By Pestered Czechoslovakia

BUDAPEST, Oct. 24.—The Hungarian government in an official communique Sunday stated the latest Czechoslovak territorial proposals were unacceptable. Well-informed sources indicated Hungary will wait no longer than Wednesday for a satisfactory reply.

These sources hinted an order to the Havanos to be given to the Czechoslovak government to accept the Czechoslovak demands for terms. At the same time it was said in diplomatic quarters Poland planned to march into Ruthenia the moment Hungary starts her advance into Slovakia.

ARMY IN TRIM

The Hungarian army was in trim along Czechoslovakia's border. It was believed this was only to meet the reasons why the Hungarian cabinet was determined to settle the question of the Magyar minority in Slovakia this week or begin occupation of the territory.

A precarious internal political situation in Hungary was in the background and was expected to remain until the dispute with Czechoslovakia is settled.

News Sunday strongly criticized the government for its failure to act with greater speed and for the delay in occupying and Poland marched in and occupied their respective minority districts in the Sudetenland.

HYPODERMIC IN SPINE TO AID DRUG ADDICTS

NEW YORK, Oct. 24.—A hypodermic in the spine to make the cure of drug addicts easy and painless was reported today in the Congress of Anesthetists.

The hypodermic is an anesthetic causing "nerve block," a form of numbness often used by surgeons to render a portion of the body insensitive to pain.

This sort of nerve block, M. B. Greene, M.D., of Brooklyn, declared, from narcotic addiction during their first few days of abstinence and mental upset that accompany withdrawal of morphine.

Time Has Whittled Down Brigham Young's Mormon Family to Four Women

SALT LAKE CITY, Oct. 24.—Time has whittled down Brigham Young's family of 86 children here by 19 wives until today only four aristocratic, elderly women survive.

The last of the Latter Day Saints church patriarchs' 23 (Oct.) sons—Joseph, then Carlos Young, 83—died Wednesday. Only four of the Mormon leaders' 21 daughters remain.

Three of them are highly active. One is white-haired, blue-eyed. All are residents of Salt Lake City.

Mrs. Clara Young, 78, eldest living daughter of the church's first president and the first pioneer of the territory of Deseret, is 100 years old. The small, statured woman is still active in the church's social life. In her spare time she acts as a guide in the Little House, Mormon social center. She is the only one of the four who is not a widow.

Most known of the surviving daughters is 77-year-old Mrs. Ruth V. Healy, because of ill health she lives a secluded life.

Most active in church work is Mrs. Mabel V. Sandberg, 75, ruddy-cheeked, affable head of the information bureau of the church's geological society.
